

PARENT CONNECTION

Parent Connection, GradeSpeed's new Parental Access version is finally ready, and nearly "bug-free". GradeSpeed will continue to "tweak it" until it is perfect.

Everyone will have to create a new account, even if you had an account last year. You can use your old username and password, but you will have to re-create your account:

Instructions

1. Bring up the district web site: <http://www.fort-stockton.k12.tx.us>
1. Click on Parent Connection! Link on the left navigation bar.
2. At the bottom left of the login window, click on "Click here to sign up" (red arrow)

3. A cool feature is the "forgot password" link under the sign up link (green arrow). The server will automatically email your password to the email address you provided when you created your account.
4. Once in Parent Sign up, please enter accurate information in the following fields. **This information will be compared against student records as a qualification for approval.** Items with a * are required. *Please do not use nicknames, but rather your full legal name.* Have the following information available for each child's grades you wish to monitor:
 - Student birthday
 - Student Social Security #
 - Student School ID #
 - Address where Student resides
5. Once you submit the information, your status will be "pending" until you are authenticated. Please give the campus at least one school day to process your request.
