

FORT STOCKTON
INDEPENDENT SCHOOL DISTRICT

Athletic Mitigation Guidelines School Year 2020-2021

**Changes to the public health situation may necessitate changes to this guidance.
Updated, August 24, 2020**

Fort Stockton ISD and Athletic Fans,

The health, safety, and well-being of our students, staff, and families are our top priorities. After reviewing guidance from the state Texas Department of State Health Services (DSHS), the Centers for Disease Control (CDC), the University Interscholastic League (UIL), the Texas Education Agency (TEA) and other area school districts, we have decided to resume athletics and extracurricular activities starting for the 2020-2021 school year.

We are taking extra precautions as we move forward and fully understand the procedures, routines, and changes that are important to the well-being of our students, staff, and community. Fort Stockton Independent School District (FSISD) has in place routines that include thoroughly cleaning all facilities and limiting numbers of active essential participants that our sporting venues may occupy (e.g., Panther Stadium, Special Events Center, and other gyms). We will be closely monitoring the situation surrounding COVID-19 and may decide to suspend, postpone, or change how sporting activities and events will be in the future. **Changes to the public health situation may necessitate changes to this guidance.**

Given the varying numbers of COVID-19 cases across different areas of the state, and the vast geographic area in the state of Texas, in conjunction with UIL, FSISD is presenting modifications for the 2020-2021 school year that reflect the situation at this current time. FSISD will continue to work with state officials and monitor CDC as well as other federal, state, and local guidance to determine any potential modifications that may become necessary. FSISD and our community should be prepared for the possibility of interruptions in all contest and sporting schedules. FSISD will work with our local District Executive Committees (DEC) to work and plan for any potential accommodations, as best possible, for these interruptions. **FSISD will limit any non-essential visitors, spectators, volunteers, and activities involving external groups or organizations as much as possible – especially with individuals not from the local geographic area (e.g., community, town, city, or county).**

These guidelines are in addition to guidance issued by (TEA) and are intended to be implemented along with TEA guidance, which applies to academic and extracurricular non-UIL activities. The information in this document is an additional requirement for our schools in developing a plan for mitigating risk of COVID-19 spread during UIL activities posted on FSISD's website on July 24, 2020 . FSISD has taken our community's local context into account and will follow all state requirements when considering UIL activities, while maintaining our students, staff, and community safety a top priority. Schools must follow all requirements of state authorities in addition to the requirements below.

We know this is a time of great stress and uncertainty. Although FSISD will operate differently during the COVID-19 pandemic, we are all in this together for our students, staff, and our community of Fort Stockton. The health and safety of our students, employees, and community is always our priority, and we will continue to work together to take good care of one another.

Thank you for your continued patience, sacrifice, and support.

General Operational Guidelines

TEA requires all school systems to develop a plan for mitigating COVID-19 spread in schools. UIL guidelines require schools to include UIL activities for the 2020-2021 school year as part of this plan and carefully plan for mitigating risk of spread as students and staff participate in them. Schools must post these plans on the homepage of the school website or other easily accessible area of the school website. These plans do not require UIL or TEA approval.

Required Screening before Attending or Participating in Activities

Staff

Schools must require staff to self-screen for COVID-19 symptoms before participating in UIL activities or entering areas where UIL activities are being conducted. Symptoms are listed at the end of this document. The self-screening should include staff taking their own temperature. Staff must report to the school if they themselves have COVID-19 symptoms or are lab-confirmed with COVID-19, and, if so, they must remain off campus and away from areas where UIL activities are being conducted until they meet the criteria for re-entry as noted below. Additionally, they must report to the school if they have had close contact with an individual who is lab-confirmed with COVID-19, as defined at the end of this document, and, if so, must remain off campus and away from areas where UIL activities are being conducted until the 14-day incubation period has passed. Close contact is defined in this document below.

Parents

Parents must ensure they do not send a student to participate in UIL activities if the student has COVID-19 symptoms (as listed in this document) or is lab-confirmed with COVID-19 until the below conditions for re-entry are met. School systems may consider screening students for COVID-19 as well. Screening is accomplished by asking questions by phone or other electronic methods and/or in person. The screening questions should also be asked of a student's parent if that parent will be dropping off or picking up their student from inside areas where UIL activities are being conducted.

Visitors

Before visitors are allowed access to areas where UIL activities are being conducted, school systems must screen all visitors to determine if they themselves have COVID-19 symptoms (as listed in this document) or are lab-confirmed with COVID-19, and if so, they must remain off campus and away from areas where UIL activities are being conducted until they meet the criteria for re-entry as noted below. Additionally, school systems must screen to determine if visitors have had close contact with an individual who is lab-confirmed with COVID-19, and if so they must remain off campus and away from areas where UIL activities are being conducted until the 14-day incubation period has passed. When practical, screening questions could be supplemented with temperature checks of adults.

Schools are permitted to prevent any individual who fails the screening criteria from being admitted into school facilities or sites where UIL activities are being conducted until they meet the criteria for re-entry as described below. Any individual for whom screening cannot be confirmed should be presumed symptomatic until confirmed otherwise.

FSISD will limit any non-essential visitors, spectators, volunteers, and activities involving external groups or organizations as much as possible – especially with individuals not from the local geographic area (e.g., community, town, city, or county).

Face Coverings- Executive Order GA-29

Executive Order GA-29, regarding face coverings, applies to all UIL activities effective July 3, 2020. As the public health situation changes, and/or if subsequent Executive Orders are issued by Governor Greg Abbott, these guidelines may be further modified.

All employees, parents, visitors and students must wear face coverings or face shields upon entry to an area where UIL activities are being conducted and when not actively practicing or playing in the contest, unless an exception listed below applies. For the purposes of this document, face coverings include non-medical grade disposable face masks, cloth face coverings (over the nose and mouth), or full-face shields to protect eyes, nose, and mouth.

Exceptions to the wearing of face coverings or face shields include:

- Any person with a medical condition or disability that prevents wearing a face covering;
- While a person is consuming food or drink;
- While the person is in a swimming pool, lake, or similar body of water.
- Any other reason or circumstance indicated under Executive Order GA-29.

Game, Contest, and Event Management

In addition to the above guidelines and rules in the UIL Constitution and Contest Rules and UIL manuals and handbooks, the following applies to games, scrimmages, and events:

Teams and Participants

1. If the school is planning to offer transportation for students, schools should follow TEA guidance related to such transportation.
2. **Teams and participants are required to wear face coverings as described in Executive Order GA-29.**
3. The host site should designate a cleaned and disinfected area for teams to unload and load buses separate from fans, spectators, and other individuals not essential to the team or group.
4. Visiting team /group locker rooms should be cleaned and sanitized by the host site before the visiting team arrives. Visiting teams/groups are responsible for cleaning and disinfecting equipment once it is unloaded. Schools should limit access to these facilities to only students and staff essential for the game, contest, or event.
5. Before each game, contest, or event, schools should follow the screening protocols described above to screen all staff members, contractors, volunteers, sports officials, contest judges, and

any individuals otherwise involved in working the event. These individuals should also self-screen as described in these screening protocols.

6. **Fan and spectator areas including bleachers, stands, walkways, and other spectator areas should be at least six feet from team /group areas such as team benches or performance areas.** Where distancing is not feasible, other methods should be utilized to slow the spread of COVID-19, such as face coverings, implementing engineered controls such as physical barriers, or other risk mitigation efforts the school deems appropriate.
7. As previously indicated, water or other drinks and/or food may be provided. Schools or host sites should consider doing so in a manner that ensures students are not sharing these items.
8. Other areas used by participants, such as press box areas, should be cleaned and disinfected prior to and after use. **Sites should develop plans for providing access to these areas that limit or remove potential contact between participants and non-participants. FSISD will limit access to areas to essential participants.**
9. The host site should provide sports and contest officials an area to enter and exit separate from fans when possible. Officials should be provided a dressing and meeting area, if applicable, that has been cleaned and disinfected prior to their arrival.
10. Pregame or pre-event meetings between teams and/or sports and contest officials should be planned to allow appropriate distancing between individuals.
11. Pregame and post-game gestures of sportsmanship should be conducted between teams and sports and contest officials in ways planned to help reduce the risk of spread of COVID-19.
12. **All participants should be provided with entry and exit plans for contest areas that maintain separation from non-participants and fans. Individuals not essential to the team or group should not be given access to contest areas, performance areas, courts, or fields at all before, during, or after contests and events.**

Student Groups not directly involved in the game or contest

Student groups such as marching bands, cheerleaders, drill teams, and other groups approved by the school district may attend and perform at games or contests in which they are not competing. Schools should consider limiting the number of participants to those essential to the performance.

1. **These student groups should remain separate from the game or contest participants at all times. These student groups should avoid mixing with fans or non-group members throughout the game or contest.**
2. **Student groups are required to wear face coverings as described in Executive Order GA-29.**
3. Schools should consider limiting the number of students and staff given access to the playing areas and ensure protocols for entering and exiting the playing areas are in place. **FSISD will limit access to essential participants of the activities on the playing areas.**
4. Fans and spectators should be located to provide at least 10 feet of distance from bands playing wind instruments from the stands.
5. These students should maintain appropriate distancing from game or contest participants at all times, including when on the sideline.

Spectators, Audiences, Fans and Media

Schools may allow spectators to attend games, contests, or events within a maximum 50% capacity limitation, provided that appropriate spacing between spectators is maintained according to the protocol, and according to the following:

1. Schools and/or host sites should post visible signs and/or messaging stating any individuals who are confirmed to have, suspected of having, are experiencing symptoms of, or have been in close contact with an individual who has been confirmed to have COVID-19 should not enter the facility.
2. **Spectators, audiences, fans and media are required to wear face coverings as described in Executive Order GA-29.**
3. Sites are encouraged to utilize remote ticketing options to help manage capacity limitations within a maximum 50% occupancy. Paper tickets and programming should be minimized to help avoid transferable materials.
4. If possible, set reserved times for entry to avoid mass arrivals.
5. **Groups should maintain at least six feet of distance from other groups at all times, including the process of admission and seating. A group is defined as no more than 10 people including the members of the household and those persons who traveled together to the facility.**
6. Schools should not allow seating in consecutive rows, and should block off seating to maintain a minimum six feet of distance between groups.
7. Pathways for spectator ingress and egress should be clearly marked and unobstructed.
8. Schools should provide hand sanitizing stations and/or hand washing stations at entrances and inside the facility.
9. Seating, handrails, and other common surfaces should be cleaned and disinfected prior to each game or contest.
10. Press Box seating should include social distancing of at least six feet between individuals when possible.
11. **Schools should limit access to working media providing coverage of the event to ensure protocols are followed.**
12. Post-game interviews should be conducted while wearing face coverings and maintaining at least six feet of distance between the interviewer and individual being interviewed.

Concession Stands and Food Service

For games, contests, and events that will include concession stands or other food service, the following guidelines apply:

1. **Staff, contractors, and volunteers involved in food service are required to wear face coverings as described in Executive Order GA-29.**
2. Sites should avoid leaving condiments, silverware, flatware, glassware, or other traditional table top items on unoccupied tables or at the counter. Sites should only provide condiments or flatware upon request, and in single use, individually wrapped items.
3. Regularly clean and disinfect the food service counters and areas. Clean and disinfect dining areas (tables, etc.) after each patron departs.
4. Limit contact between the individuals involved in food service and patrons as much as possible. Have employees, contractors, and volunteers follow proper food-handling protocols.

5. Before each game, schools should follow the screening protocols described above to screen staff, contractors, and volunteers who will be involved in food service prior to events. These individuals should also self-screen as described in these screening protocols.

Performance Areas, Band Halls, Locker Rooms and Other Congregate Settings

Schools should make hand sanitizer, disinfecting wipes, soap and water, or similar disinfectant readily available in these areas.

All congregate areas should be regularly and frequently cleaned and disinfected including all frequently touched surfaces such as doorknobs, tables, chairs, lockers, and restrooms.

Any equipment that will be kept in student lockers and/or in these areas should be thoroughly cleaned and disinfected each day prior to students accessing these areas. Schools should develop a plan for managing the storage, cleaning and disinfecting, and redistribution of student equipment.

Schools should consider identifying staff to monitor locker rooms and other areas where students may congregate to ensure effective use of school protocols. When possible, schools should open windows and/or doors or otherwise work to improve air flow by allowing outside air to circulate in these areas.

Schools must require staff and students to wear face coverings while inside locker rooms, meeting rooms, training rooms, band halls and other areas where students may congregate other than shower facilities.

As part of the plan, schools are to develop a plan for mitigating risk of spreading COVID-19 when disinfecting, cleaning, and laundering items such as towels, practice clothes, and uniforms. This plan should include protocols for redistributing these items to students. Involved staff should be trained specifically on these protocols.

Practice and Rehearsal Activities

In addition to the above general guidelines and rules in the UIL Constitution and Contest Rules and UIL manuals and handbooks, the following applies to practice activities during the 2020-2021 school year. All surfaces in practice areas should be thoroughly disinfected throughout and at the end of each day.

Any equipment should be regularly disinfected before, during, and after practice sessions. Schools may provide food, water or other drinks. If they provide these items, schools should do so in a manner that ensures students are not sharing these items.

Texas Education Agency Public Health Guidelines

Individuals Confirmed or Suspected with COVID-19

Any individuals who themselves either:

- (a) are lab-confirmed to have COVID-19; or
- (b) experience the symptoms of COVID-19 (listed below)

must stay at home throughout the infection period, and cannot return to campus until the school system screens the individual to determine any of the below conditions for campus re-entry have been met.

In the case of an individual who was diagnosed with COVID-19, the individual may return to school when all three of the following criteria are met:

- at least one day (24 hours) have passed since recovery (resolution of fever without the use of fever-reducing medications);
- the individual has improvement in symptoms (e.g., cough, shortness of breath); and
- at least ten days have passed since symptoms first appeared.

In the case of an individual who has symptoms that could be COVID-19 and who is not evaluated by a medical professional or tested for COVID-19, such individual is assumed to have COVID-19, and the individual may not return to the campus until the individual has completed the same three-step set of criteria listed above.

In addition to the criteria and processes described above, a student who has been diagnosed with COVID-19 must receive clearance from a physician prior to returning to participation in UIL activities.

Identifying Possible COVID-19 Cases on Campus

Schools must immediately separate any student who shows COVID-19 symptoms while at school until the student can be picked up by a parent or guardian.

Schools should clean the areas used by the individual who shows COVID-19 symptoms while at school (student, teacher, or staff) as soon as is feasible.

Students who report feeling feverish should be given an immediate temperature check to determine if they are symptomatic for COVID-19.

Close Contact

This document refers to “close contact” with an individual who is lab-confirmed to have COVID-19. The definition of close contact is evolving with our understanding of COVID-19, and individual scenarios should be determined by an appropriate public health agency. In general, close contact is defined as:

- (a) being directly exposed to infectious secretions (e.g., being coughed on); or
- (b) being within 6 feet for a cumulative duration of 15 minutes; however, additional factors like case/contact masking (i.e., both the infectious individual and the potential close contact have been consistently and properly masked), ventilation, presence of dividers, and case symptomatology may affect this determination.

Either (a) or (b) defines close contact if it occurred during the infectious period of the case, defined as two days prior to symptom onset to 10 days after symptom onset. In the case of asymptomatic individuals who are lab-confirmed with COVID-19, the infectious period is defined as two days prior to the confirming lab test and continuing for 10 days following the confirming lab test.

Required Actions if Individuals with Lab-Confirmed Cases

If an individual who has been in areas where UIL activities have been conducted is lab-confirmed to have COVID-19, the school must notify its local health department, in accordance with applicable federal, state and local laws and regulations, including confidentiality requirements of the Americans with Disabilities Act (ADA) and Family Educational Rights and Privacy Act (FERPA).

Schools must close off areas that are heavily used by the individual with the lab-confirmed case (student, teacher, or staff) until the non-porous surfaces in those areas can be disinfected, unless more than 7 days have already passed since that person was on campus.

Consistent with school notification requirements for other communicable diseases, and consistent with legal confidentiality requirements, schools must notify all teachers, staff, and families of all students in a school if a lab-confirmed COVID-19 case is identified among students, teachers or staff who participate in any UIL activities. If the person who is lab-confirmed to have COVID-19 participated in a contest against another school(s), the school must notify other school(s) and sports/contest officials involved in the contest.

COVID-19 Symptoms

In evaluating whether an individual has symptoms consistent with COVID-19, consider the following question: Have they recently begun experiencing any of the following in a way that is not normal for them?

- Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
- Loss of taste or smell
- Cough
- Difficulty breathing
- Shortness of breath
- Fatigue
- Headache
- Chills
- Sore throat
- Congestion or runny nose
- Shaking or exaggerated shivering

- Significant muscle pain or ache
- Diarrhea
- Nausea or vomiting

Screening Questionnaire Information

When asking individuals if they have symptoms for COVID-19, school systems must only require the individual to provide a “Yes” or “No” to the overall statement that they are symptomatic for COVID-19, as opposed to asking the individual for specific symptom confirmation.

School systems are not entitled to collect information during screening on the specific health information of an individual beyond that they are symptomatic. Once it is determined that individuals who responded “Yes” to either of these questions have met the criteria for re-entry, school systems must destroy those individuals’ responses.

Varsity Football FSHS Additional Information

Keeping students, staff, and the community safe by minimizing contact of potential spread of COVID-19 pep rallies are non-essential activities and are suspended until further notice. FSISD will allow **50 percent capacity** for each varsity football game held at Panther Stadium on a first come first serve basis. FSISD home allotted tickets will be after the band, press box, and any other required personnel numbers are factored in. Ticket sales and seating will be as follows:

- **Home Side (FSISD Fans):** 250 home side tickets will be sold. (\$4.00 Adult and \$2.00 student)
- **Visitor Side (Visiting Fans):** 150 tickets for the visiting team. (\$4.00 Adult and \$2.00 student)
- **Tickets Sales: Week of Home Game**
 - **Monday 8:00am through Thursday 12:00pm (noon).**
 - Tickets purchased through the athletic office located in the Special Events Center (SEC).
 - Contact MiMi Sena for ticket purchase and pick-up **Office: (432) 336-4112 and Cell: (432) 940-7907.**
- If tickets remain to be sold, FSISD will notify the public through social media and news outlets for tickets to be sold at the gate for \$6.00 night of the game.
- Gates are tentatively set to open at 5:40 pm, unless otherwise needed to open at a different time.
- All seating is general admission, in groups no larger than 10.
- Social distancing guidelines will be enforced (like graduation 2020).
- No one will be allowed on the field after the game.
- No congregating is allowed anywhere on school premises, especially outside the field house and athlete locker rooms.
- Fans, parents, and spectators will leave immediately after the game is over.
- If there is not a concession stand, spectators will be allowed to enter with water only.
- Masks are required by all attendees as mentioned in this document.
- All guests must have a ticket and pass the screening at the entrance to attend the game.
- **Passes (district, employee badges, other school passes, local senior citizens, etc.) are not allowed for entry to games. A ticket is required for entry to the stadium.**
- **Parking: Home** is on the West Side of the high school. **Visitor** available on the east side of the Baseball/Softball Complex.
- No bags, backpacks, or purses. **Clear bags only.**
- No outside food or snacks. Bottled water is allowed.
- Family groups are encouraged to arrive together, enter the stadium together, sit together, and leave together. (Law enforcement officials and FSHS staff will assist in maintaining proper social distancing measures.)
- **Students in 8th grade and below must attend with a responsible adult.**
- **Once you leave the stadium, you may not re-enter the stadium.**
- FSISD will limit access to essential participants of the activities on the playing areas.
- Schools are permitted to prevent any individual who fails the screening criteria from being admitted into school facilities or sites where UIL activities are being conducted until they meet the criteria for re-entry.
- **Changes to the public health situation may necessitate changes to this guidance.**

Thank you to all the Panther Fans for the support. This is not an ideal situation and hopefully our seating restrictions will improve over the course of the season. Remember to get tickets early and get to the stadium early for optimum seating.

Parking Map for Varsity Football at FSHS

Sub Varsity FSHS Football Additional Information

Keeping students, staff, and the community safe by minimizing contact of potential spread of COVID-19 pep rallies are non-essential activities and are suspended until further notice. Varsity and Sub Varsity FSHS Volleyball

Additional Information

Keeping students, staff, and the community safe by minimizing contact with potential spread of COVID-19 pep rallies are non essential activities and are suspended until further notice.

FSISD will allow **50 percent capacity** for each varsity volleyball game on a first come first serve basis. FSISD home allotted tickets will be after the band, press box, and any other required personnel numbers are factored in. Games will be held in the Special Events Center. Ticket sales and seating will be as follows:

- **Tickets: Tickets will be sold at the door.**
 - Contact: MiMi Sena for information. Office: (432) 336-4112 and Cell: (432) 940-7907
- Doors are tentatively set to open before the game as deemed necessary.
- All seating is general admission, first come first serve, and may be charged for entry to the game.
- **Home Seating:** South side bench seating adjacent to the court and Southside grand bleachers.
- **Home Team Seating:** East Side bench seating adjacent to court.
- **Visitor Seating:** Northside grand bleachers only.
- **Visitor Team Seating:** Northside bench seating adjacent to the court
- Social distancing guidelines will be enforced (like graduation 2020).
- No one will be allowed on the courts throughout the games except for essential participants.
- No congregating is allowed anywhere on school premises.
- Fans, parents, and spectators will leave immediately after the game is over.
- If there is not a concession stand, spectators will be allowed to enter with water only.
- No food, snacks, meals are allowed.
- No bags, backpacks, or purses. **Clear bags only.**
- No outside food or snacks. Bottled water is allowed.
- Masks are required as mentioned in this document for all participants and spectators.
- Family groups are encouraged to arrive together, enter the stadium together, sit together, and leave together.
- **Passes (district, other school, local senior citizens, etc.) are not allowed for entry to games. A ticket is required for entry to the stadium.**
- **Once you leave the gym or SEC, you may not re-enter.**
- **Parking for both home and visitors is on the West Side of the high school.**
- **Changes to the public health situation may necessitate changes to this guidance.**

Panther Gym Games: Games played in the Panther Gym enter through the Auditorium Foyer Doors between the SEC and Bandhall. Spectators of Panther Gym Games will leave through the same doors. Spectators from the Panther Gym wish to see the other games in the SEC, they will have to enter on the Main Entry Doors on the West Side of the SEC **and will have to pay to see the games in the SEC or may not be allowed to the game due to limited seating.**

Thank you to all the Panther Fans for the support. This is not an ideal situation and hopefully our seating restrictions will improve over the course of the season.
