PURPOSE AND ORGANIZATION

The purpose of this Student Handbook is to give Fort Stockton ISD students and their parents an understanding of the general rules and guidelines for attending and receiving an education in our schools.

The Handbook is organized into the following sections:

- Required Legal Notices and Information
- General Information about Admission, Attendance, and Conduct
- Curriculum and Program Information
- Of Special Interest to Students
- Of Special Interest to Parents

When the Handbook uses “we” or “our,” it means the school district and/or school administrators. When the Handbook uses “you” or “your,” it means the parent, legal guardian, or person who has accepted responsibility for a student, at least in regard to school matters. From time to time, the Handbook will use more general terms, such as “parents” and “school officials.” Regardless of the particular terminology, our intention is to speak directly to you as the adults who are responsible for working with us, the school officials, to make your children’s experience with the Fort Stockton ISD a positive educational experience.

The Student Handbook has been developed by school district administrators with the assistance of teachers, students, and parents. The content is reviewed by the Board of Trustees and is intended to be consistent with formally adopted school board policies. If there is an apparent contradiction between information in the Handbook and a formally adopted board policy, the school administration will interpret the Handbook in a way that is consistent with policy and may request guidance from the Board of Trustees.

The Student Handbook is not a contract between the school and parents or students. It can be amended at any time at the discretion of the school district. If the district makes changes to the Handbook during a school year, the administration of the district and the campus will communicate those changes in ways that are designed to inform parents and students of the new or revised information.

ACKNOWLEDGEMENT

Dear Student and Parent:

The Fort Stockton Independent School District provides this Student Handbook to parents and students to provide you with information about the general rules and guidelines for attending and receiving an education in our schools.

We urge you to read this publication thoroughly and to discuss it among your family. If you have any questions about the information here, we encourage you to ask for an explanation from the student's teacher, the school counselor, or campus administrator.

The student and parent should each sign this page on the space provided below, then return the page to the student's school. Thank you.

We acknowledge that we have received the Fort Stockton ISD Student Handbook for the 2020-2021 school year, and that we are responsible for reading and understanding the information contained here.

REQUIRED LEGAL NOTICES

Nondiscrimination: Fort Stockton ISD does not discriminate in its educational programs and services, including its career and technology education programs, on the basis of sex or gender (including pregnancy), race, religion, color, national origin, or disability. The district complies with Title IX of the Education Amendments of 1972 and with Section 504 of the Rehabilitation Act of 1973, as amended. Any questions or concerns about the district's compliance with these federal programs should be brought to the attention of the person shown below as Title IX or Section 504 Coordinator.

The Title IX Coordinator for the school district is Gil-Rey Madrid, whose office is located at 101 W. Division Street, Fort Stockton, TX and who can be reached by telephone at 432-336-4000.

The Section 504 Coordinator for the school district is Dr. Zana Hanson, whose office is located at 1200 W. 2nd Street, Fort Stockton, TX and who can be reached by telephone at 432-336-4040.

Homeless Liaison and Title I Participants

Gil-Rey Madrid is our liaison for services to students who are determined to be homeless, as defined by federal law. If you believe your child may be eligible for services or assistance, contact Gil-Rey Madrid at 432-336-4000.

Gil-Rey Madrid is our Parent Involvement Coordinator who works with families and children participating in Title I programs. If you have questions about the program or need assistance related to the program, contact Gil-Rey Madrid at 432-336-4000.

Career and Technical Education Methods of Administration (MOA):

Fort Stockton ISD offers career and technical education programs in grades 8-12.

It is the policy of Fort Stockton ISD not to discriminate on the basis of race, color, national origin, sex or handicap in its vocational programs, services or activities as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

It is the policy of Fort Stockton ISD not to discriminate on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

Fort Stockton ISD will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs. For information about your rights or grievance procedures, contact the Title IX Coordinator,

Gil-Rey Madrid, at 101 W. Division Street, 432-336-4000 at, and/or the Section 504 Coordinator, Dr. Zana Hanson, at 1200 W. 2nd Street, 432-336-4040.

Family Educational Rights and Privacy Act: The school district creates and keeps education records for all students enrolled in district schools. Those records are confidential and generally are accessible only to parents and school personnel or other people who are acting on behalf of the school district. When we say “parents” have a right of access to all education records pertaining to their children, we mean all biological or legal parents—whether married, divorced, or separated—and any other person with whom the child resides and who is acting as a parent in the absence of the child’s parent or legal guardian.

Parents control the access to their children’s education records until the child becomes an adult at age 18. When the child reaches age 18, he or she controls the access to his or her records and is the one who can consent to the release of the records to other persons. However, parents continue to have a right to see their children’s education records so long as the child is a dependent for federal income tax purposes, even if the child does not want them to.

If a parent wants to inspect and review his or her child’s education records, he or she should contact the principal of the child’s school if the child is currently enrolled. The district may request that such a request be reduced to writing. If the child has withdrawn or graduated, parents should contact the last attended campus for access to records. Records can be inspected and reviewed within 45 days following the district’s receipt of a request in the administrative offices during regular office hours, from 8:30 a.m. to 4:30 p.m., and someone will be available to answer questions about the records.

Originals cannot be removed from an administrator’s office. Copies may be provided to parents if required by law after parents have made a written request for copies. In such cases, parents will be provided the requested copies within 45 days following the district’s receipt of a request. If copies are provided, parents will be charged the district’s usual copying fees for copies; however, if the student is eligible for free or reduced price lunches and the parents cannot come to school to review the records, the school will provide one set of the requested records at no charge.

If you believe some information in your child’s records is inaccurate, misleading, or violates your child’s rights, you can ask for a correction. If the principal does not make the correction, you can ask for a hearing with the superintendent to explain why you believe the record should be corrected. If the superintendent does not direct an amendment to be made, you have 30 days to place a comment in the student’s record commenting on your disagreement. **Under no circumstances can students or parents use this process to challenge a grade recorded for a student.**

Because parents generally control access to their children’s education records, the district ordinarily will not permit access to or copies of education records without at least one parent’s written authorization to release the records. **However, under some**

circumstances, the district can and will provide access to or copies of education records without parent authorization. The most common circumstances are these:

- The district will forward education records on request to a public or private school or institution of higher education in which the student seeks or intends to enroll.
- The district may disclose education records to a contractor, consultant, volunteer, or other person who is performing services for the district, who is under the district's control related to the use of the records, and who has complied with district limitations on the re-disclosure of personally identifiable information from education records.
- The district will comply with a lawful subpoena for student education records, but will make reasonable efforts to notify the parents before complying, unless the subpoena indicates that parents should not be notified.
- The district will release directory information about students to any person who submits a written request for the information, as provided in the DIRECTORY INFORMATION notice included in this Student Handbook.
- The district will release educational records to a juvenile justice agency in accordance with an agreement between the district and the agency. The information will be released before the student is adjudicated and will be provided so that the juvenile agency can appropriately serve the student.
- The district will release educational records to "school officials," meaning any employees, trustees, or agents of the district, including persons employed in shared services arrangements or cooperatives of which the district is a member, school volunteers, parents or students serving on official committees, and the district's legal counsel, who have a "legitimate educational interest" in the records, meaning they are persons who work directly with your child at school or any school activity, including officials involved in disciplinary or academic decisions affecting your child directly, persons who are compiling statistical data for the district, who are reviewing such records to fulfill their employment responsibilities, or who are investigating or evaluating district programs.

If you want to review the school's entire policy regarding student records, please contact the campus principal, who will be glad to provide a copy for you and to answer any questions you may have about the policy or this notice. You may also view or download the policy (coded FL (LEGAL) and (LOCAL)) from the district's online policy manual. If you believe the district is not following the law regarding student records, you have the right to file a complaint with the United States Department of Education, Family Policy Compliance Office.

DIRECTORY INFORMATION

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting information unless the parent or guardian objects to the release of the directory information about the student.

If you do not want Fort Stockton ISD to disclose directory information from your child’s education records without your prior written consent, you must notify the district in writing by September 1, 2020.

Fort Stockton ISD has designated the following information about your child as directory information: For the following school-sponsored purposes—all District publications and announcements—directory information shall include student name, photograph, date of birth, major field of study, honors and awards, dates of attendance, grade level, most recent school previously attended, enrollment status, participation in officially recognized activities and sports, and weight and height of members of athletic teams.

For all other purposes, directory information shall include student name, major field of study, honors and awards, grade level, enrollment status, participation in officially recognized activities and sports, and weight and height of members of athletic teams.

If you DO NOT want us to release ANY information about your child without your written consent, check this box and return the form by September 1, 2020.

We have designated the following categories of information as pertinent to limited school-sponsored purposes. “School-sponsored purposes” means for publication in a student directory, a school yearbook, or official school publications including the school’s website and programs for school-sponsored events.

<input type="checkbox"/> Name	<input type="checkbox"/> Address
<input type="checkbox"/> Telephone listing	<input type="checkbox"/> School electronic mail address
<input type="checkbox"/> Photographs or videos open to the public	<input type="checkbox"/> Degrees, honors, awards received
<input type="checkbox"/> Grade level	<input type="checkbox"/> Most recent school attended
<input type="checkbox"/> Participation in officially recognized activities and sports or those events open to the public	<input type="checkbox"/> Height & weight of members of athletic teams

- If you CONSENT to the use of all of the above-listed items for limited school-sponsored purposes ONLY, check this box and return this form to us by September 1, 2020.
- If you CONSENT to the use of some but not all of the above listed items for limited school-sponsored purposes ONLY, check this box AND the categories for which you are providing consent and return this form to us by September 1, 2020.

Fort Stockton ISD receives federal funds under the Elementary and Secondary Education Act of 1965 (20 U.S.C. § 6301 et seq.), and we are therefore required to disclose your secondary (grades 7-12) child’s name, address, and phone number to a military recruiter or institution of higher education, on their request, unless you have told us that you do not want that information released without your prior written consent. Please note that you may not selectively withhold this information from military recruiters but provide it to institutions of higher education.

- If you DO NOT want us to release your secondary school (grades 7-12) child’s name, address, and telephone number to a military recruiter or institution of higher education, check this box.

Student’s Name (printed)

Parent/Guardian Name (printed)

Parent/Guardian’s Signature

Date

Protection of Pupil Rights Amendment: We do not require students to participate in any surveys that are funded with any U.S. Department of Education funds that concern the following topics unless you (or your child if he or she is an adult) give us your prior consent. You will also have the opportunity to inspect the survey in advance. If we administer surveys that concern any of these topics that are funded from other sources, we will give you advance notice of the survey, allow you an opportunity to inspect the survey, and give you an opportunity to opt-out of the survey. The topics that are covered by this notice are:

1. political affiliations or beliefs of the student or his or her parent;
2. mental or psychological problems of the student or his or her family;
3. sex behavior or attitudes;
4. illegal, anti-social, self-incriminating, or demeaning behavior;
5. critical appraisals of others with whom the responding students have close family relationships;
6. legally recognized privileged relationships, such as with lawyers, doctors, or ministers;

7. religious practices, affiliations, or beliefs of the student or his or her parent; or
8. income, other than as required by law, to determine program eligibility.

Invasive Examinations or Screenings: We do not perform any invasive physical examinations or screenings as a condition of attendance. We do perform vision, hearing, acanthosis nigricans, and scoliosis screenings, as required by state law. Please contact the principal if you have questions regarding those screenings.

Teacher Qualifications: You may request the following information, which we will provide to you in a timely manner:

1. Whether your child's teacher(s) have met state qualification and licensing criteria for their grade levels and subject areas.
2. Whether your child's teacher(s) are serving under emergency or other provisional status that is less than full state certification.
3. The bachelor's degree major of your child's teacher(s) and any graduate degrees held, and the field of certification or degree.
4. Whether your child receives services from paraprofessionals and, if so, their qualifications.

Providing Assistance to Students Who Have Learning Difficulties or Who Need Special Education Services: If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

At any time, a parent is entitled to request an evaluation for special education services. The district must respond within 15 school days by either (a) providing the parent an opportunity to give written consent to the evaluation or (b) providing the parent with notice of its refusal to conduct an evaluation. The district must complete the evaluation and the report within 45 school days of the date of the district receives the written consent, except that if a student has been absent from school during that period on three or more school days, that period must be extended by a number of school days equal to the number of school days during that period on which the student has been absent. The district must give a copy of the report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with prior written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parent of their rights if they

disagree with the district. The district is required to give parents the *Notice of Procedural Safeguards—Rights of Parents or Students with Disabilities*. Additional information regarding the IDEA is available from the school district in a companion document *A Guide to the Admission, Review, and Dismissal Process*.

The following websites provide information to those who are seeking information and resources specific to students with disabilities and their families:

- Texas Project First
- The Legal Framework for the Child-Centered Special Education Process
- Partners Resource Network
- The Texas Special Education Information Center (SPEDTex)

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education is:

Contact Person: Dr. Zana Hanson

Phone Number: 432-336-4040

Bacterial Meningitis Information: What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord---also called the meninges. It can be caused by viruses, parasites, fungi, and bacteria. Viral (aseptic) meningitis is common; most people recover fully. Medical management of viral meningitis consists of supportive treatment and there is usually no indication for the use of antibiotics. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

There are two common types of bacteria that cause meningitis: - *Strep pneumoniae* causes pneumococcal meningitis; there are over 80 subtypes that cause illness - *Neisseria meningitidis*—Meningococcal meningitis; there are 5 subtypes that cause serious illness—A, B, C, Y, W-135

What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms, but any of the following are possible. Children (over 1 year old) and adults with meningitis may have:

- Severe headache
- High temperature
- Vomiting
- Sensitivity to bright lights
- Neck stiffness, joint pains
- Drowsiness or confusion

**In both children and adults, there may be a rash of tiny, red-purple spots or bruises caused by bleeding under the skin. These can occur anywhere on the body. They are a sign of blood poisoning (septicemia), which sometimes happens with meningitis, particularly the meningococcal strain.*

What is the risk of getting bacterial meningitis?

The risk of getting bacterial meningitis in all age groups is about 2.4 cases per 100,000 population per year. However, the highest risk group for the most serious form of the disease, meningococcal meningitis, is highest among children 2 to 18 years old.

How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability, such as deafness, blindness, amputations or brain damage (resulting in intellectual disability or paralysis) even with prompt treatment.

How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing; sharing drinking containers, utensils, or cigarettes). The germ **does not** cause meningitis in most people. Instead, most people become **carriers** of the germ for days, weeks or even months. Being a carrier helps to stimulate the body's natural defense system. The bacteria rarely overcomes the body's immune system and causes meningitis or another serious illness.

How can bacterial meningitis be prevented?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss. Vaccines against pneumococcal disease are recommended both for young children and adults over 64. A vaccine against four meningococcal serogroups (A, C, Y, W-135) is available. These four groups cause the majority of meningococcal cases in the United States. This vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85-90%). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within 7 to 10 days after the vaccine is given and lasts for up to 5 years.

What you should do if you think you or a friend might have bacterial meningitis?

Seek prompt medical attention.

How is bacterial meningitis diagnosed?

The diagnosis is usually based on a combination of clinical symptoms and laboratory results from spinal fluid and blood. Spinal fluid is obtained by a lumbar puncture (spinal tap).

For more information

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Texas Department of Health office to ask about meningococcal vaccine.

Additional information may also be found at the web sites for the Centers for Disease Control and Prevention: www.cdc.gov and the Texas Department of Health: www.tdh.state.tx.us.

Pest Control: Periodically, district buildings and grounds are treated by licensed or trained individuals to control unwanted pests, such as insects and rodents. We will post

notices of those treatment dates as required by law and will schedule treatment times when students or employees are least likely to be in the building or on the grounds.

Asbestos Management Plan: The district’s Asbestos Management Plan, designed to be in compliance with state and federal regulations addressing asbestos that may be used in district facilities, is available in the Superintendent’s office during regular business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday. If you have any questions, please contact Ralph Traynham, at 432-336-4000.

COVID 19 or Other Widespread Illness or Epidemic: The district will adhere to all orders of local, state, and federal authorities and governmental officials with respect to school closure and social distancing as a result of a widespread illness or epidemic such as COVID-19. In addition, the district will follow the guidance of the Texas Department of State Health Services (TDSHS), the Centers for Disease Control and Prevention (CDC), and any other appropriate federal, state, or local health authorities when determining the standards for admittance to school after exposure to, symptoms of, and/or infection with COVID-19 or other widespread illness or epidemic; for sending home students who have been exposed to or are displaying symptoms of COVID-19 or other widespread illness or epidemic; for excluding students from school attendance with COVID-19 or other widespread illness or epidemic exposure, symptoms, or diagnoses; for holding campus-based instruction and district-sponsored activities and events; and for any other recommendations pertaining to and/or affecting school district operations and student health and safety.

GENERAL INFORMATION

2020-2021 School Calendar

A copy of the calendar is available at www.fsisd.net . The school calendar is also available in all campus offices.
--

Student’s Legal Name

While we recognize that there are circumstances when a parent may wish his or her child to be enrolled under a name other than the child’s legal name, we are required to maintain all school records for your child under the child’s legal surname as shown on the birth certificate or other recognized document to prove the child’s identity or as shown in a court order changing the child’s name.

Admission, Release, Withdrawal

These are the basic requirements for admission to district schools:

1. The student lives in the district with a parent or legal guardian or one of the student's parents lives in the district, even if the student does not live with that parent.
 - The parent enrolling a student based on only the parent's residence in the district must provide a copy of a current order, signed by the judge and showing a file stamp from the court, designating the parent as a managing or possessory conservator.
2. The student is under age 18 and, subject to district policy at FD (LOCAL) and FDA (LOCAL), lives in the district with an adult resident of the district who has accepted a Power of Attorney from the child's parent or legal guardian or adult caregiver who has accepted responsibility for the child by an Authorization Agreement in compliance with Texas Family Code section 34.002. The school district has Power of Attorney forms to be completed by both the parent and the person with whom the student lives.
3. The student is under age 18 and does not reside in the district, but a grandparent who provides a substantial amount of after-school care for the person resides in the district. "Substantial amount of after-school care" means the grandparent provides after-school care for the student at least four days each school week.
4. The student resides with a parent or guardian who is an active member of the U.S. armed forces stationed in a military installation in or adjacent to the district's attendance zone.
5. The student resides with a parent on a residential homestead that is located on a parcel of property with any part of the parcel being located in the school district.
6. Students under the age of 18 must be enrolled by a parent, legal guardian, or adult resident who has a valid Power of Attorney for the student. Students who are 18 or older, who are legally married, or who have ever been legally married, and who have not graduated from high school can enroll themselves.
7. The adult enrolling the student must present current immunization records or show proof that the required immunizations have been begun.
8. No later than 30 days after a student has been enrolled, the adult enrolling the student must provide a copy of a birth certificate or other acceptable identification for the child and copies of the education records from the school the child last attended.

We do not admit underage students to school. Your child must be 5 years old on or before September 1 of the current school year to be admitted to kindergarten. To be admitted to first grade, your child must be 6 years old on or before September 1 of the current year or must have completed kindergarten, or been enrolled in first grade, in the public schools of another state.

We do not ordinarily admit overage students to school. However, a student who is under 21 years of age on September 1 of the current school year will be admitted.

As part of our dropout recovery programs, we may admit someone between the ages of 21 and 26 for the purpose of completing the requirements for a high school diploma. A student admitted for this purpose and who has not attended school in the preceding three years will not be placed in a classroom setting, cafeteria, or other school-sanctioned activity with a student who is 18 or younger; however, those students remain free to attend all school-sponsored events that are open to the public.

The application for admission and enrollment forms are official government records, and it is a crime to provide false information of any kind or false records for identification. School officials can ask parents or another adult enrolling a student to provide some evidence that they are bona fide residents of the school district. As required by law, we will record the name, address, and date of birth of the person enrolling a student.

At the time of enrollment, we will request that you disclose whether your child has a food allergy or a severe food allergy (including the food to which the child is allergic and the nature of the allergic reaction) that, in your judgment, should be disclosed so that district officials may take necessary precautions regarding the child's safety. This information is confidential and will be disclosed only to those employees who need the information to appropriately care for your child.

If school officials have reason to question the legitimacy of a child's residency information, they can investigate to determine the student's actual place of residence. If the district finds that a student is not really a district resident, the student will be withdrawn, and school officials will take the necessary legal steps to recover the maximum tuition fee the school district can charge or the amount the board of trustees budgets as an expense per student.

Attendance Zones

The Board of Trustees has established geographic boundaries for each school, and students generally must attend the schools in the zone for their street address. You can make a written request for your child to attend a particular school and will have a chance to explain to the superintendent why you think your request should be granted. Contact the superintendent for further information if you are not satisfied with the principal's decision

Certain Transfers—Victims of Bullying and Sexual Assault or Students Who Have Engaged in Bullying

If you believe that your child is the victim of bullying (see the definition in the Student Code of Conduct), you may request a transfer to another classroom at the same campus or to another campus within the school district. If we verify that your child is the victim of bullying, the transfer will be made. If the transfer is to another campus, we will not

provide transportation to that campus. Our decision on this kind of transfer is final and cannot be appealed to the board or any other authority.

If your child is determined to have engaged in bullying of any other student, he or she may be transferred to another classroom at the same campus or to another campus. We will consult with you about the transfer before it occurs.

If another student in the district is convicted of committing continuous sexual abuse of a young child or children or convicted and placed on deferred adjudication for a sexual assault or aggravated sexual assault against your child (see definitions in the Student Code of Conduct), you may request that your child be transferred to another campus within the district or to a neighboring school district, and the request will be granted. We will not provide transportation to the new campus. If you do not want to transfer your child, we will take appropriate steps regarding the other student to ensure that both students are not assigned to the same campus. Our decision on this kind of transfer is final and cannot be appealed to the board or any other authority.

Release During the School Day

Students will be allowed to leave school during the school day only with the permission of the principal or someone in the principal's office who has been given the authority to release students. Parents cannot go directly to their children's classroom and take the child away from school during the day. Teachers do not have the authority to let children leave their classroom with anyone. If you need to take your child from school before the end of the school day, such as for a medical appointment or a family emergency, you should go to the principal's office and sign the child out. The teacher will send the child to the principal's office, and she or he will be released to you at that time.

At the time children are enrolled, the parent or other adult completing the enrollment forms should list those people who are authorized to pick up children during the school day. **Unless the principal has a current court order signed by a judge, showing an official file stamp with the court and indicating that a parent's right of access to and possession of his or her children has been limited in some way, the principal will release children to either parent.**

Students will not ordinarily be released during the school day to participate in private lessons or other instruction. If you believe you have a special situation that would warrant an exception to this rule, please contact the campus principal to schedule a conference about your situation.

Withdrawing from School

Children who are under age 18 will not be permitted to withdraw from school unless a parent, legal guardian, or other adult with responsibility for the child comes to the school to complete the necessary forms. Students must return all textbooks and instructional technology issued to them and clear any library fines and other outstanding

fees in order for the school to release an official copy of the student's records to the parents or to another school district.

Students who are age 18 or older, who are legally married, or who have ever been legally married are adults and can withdraw themselves from school.

Attendance Requirements

State compulsory attendance laws generally require all children between the ages of six and 19 to attend school each day that school is in session. A student who is younger than six and has ever been enrolled in the first grade is required to attend school. Once a parent enrolls a child in kindergarten or pre-kindergarten, the child is required to attend school that school year.

A student who voluntarily remains enrolled after the age of 19 is required to attend school. A student who is at least 19 years old and under the age of 21 will be required to attend school until the end of the school year.

If a 19-year-old student has more than five unexcused absences in a semester, we may revoke his or her enrollment for the rest of the school year, but will not take such action on a day when the student is physically present at school. We will issue a warning notice to the student after the third unexcused absence that enrollment may be revoked for the remainder of the school year if the student has more than five unexcused absences in a semester.

If we revoke enrollment, the student will be treated as an unauthorized person and may be arrested for trespassing if he or she comes on school property.

Regular attendance is critical to your child's success in school. It is also critical to the school district's success because it is a factor in the district and campus rating under the state accountability system and is a significant factor in the amount of state financial aid the district is entitled to receive. In the event of a temporary school closure due to a widespread illness or epidemic, such as COVID-19, all attendance policies will apply to virtual learning on remote platforms and all other forms of distance learning as they would during classroom instruction.

School officials aggressively enforce the state compulsory attendance laws. If your child, age 12 or older, is absent three or more days or partial days during a four-week period, but has not had absences that would require a referral to truancy court, we will implement truancy prevention measures in hope of minimizing the need to refer your child to truancy court. If your child age 12 or older is absent from school on 10 or more days or partial days within a six-month period in the same school year, you will be referred for prosecution for contributing to truancy and your child will be referred to truancy court, unless the truancy is a result of your child's pregnancy, assignment to a state foster program, homelessness, or being the principal income earner for your family.

You will be notified when your child has three unexcused absences within a four-week period or less to advise you that you must monitor your child's attendance, to inform

you that you may be prosecuted, and to request a conference to discuss the absences. Every day that a child is out of school in violation of compulsory attendance laws is a separate offense. You may be assessed a fine for each offense and may also be ordered to participate in a class designed to help you make sure your child attends school as required.

Of course, there are times that children are sick or have other legitimate reasons for being absent from school. Regardless of the age of your child, if she or he is sick and will not be at school that day, you should call the school office to let them know of the absence. Whenever a child is absent from school for any reason, she or he should bring a note signed by you explaining the reason for the child's absence when she or he returns to school. The principal or someone acting for the principal will make the final decision whether an absence is classified as excused or unexcused.

If the child does not bring a signed note, the absence will be classified as unexcused. Students ordinarily will not be permitted to make up missed work for credit if the absence is unexcused.

Although students who are married are legally adults, this fact does not mean that they are not legally required to attend school until they are age 19. We will work aggressively with local authorities to make sure that all students who are within compulsory attendance requirements come to school.

Doctor and Dental Appointments: Absences for appointments with doctors, dentists, orthodontists, physical therapists, and other health care professionals will be classified as excused absences if the student returns to school on the same day as the appointment and presents a note from the health care provider stating the time of the appointment and the time the student left the doctor's office. If the appointment is at the end of the school day and the student has been at school all day up to that time, the absence will be excused if the student brings a note from the health care provider the following day. These excused absences include those for a student diagnosed with autism spectrum disorder to attend appointments with health care practitioners to receive a generally recognized service for persons with that diagnosis, such as applied behavioral analysis, speech therapy, and occupational therapy. This provision also applies to excuse the absences of students who are parents and are absent to take the student's child for a medical appointment.

Religious Holidays: Absences for religious holy days, including up to two days of travel time if necessary, will be classified as excused absences.

Court Appearances: Absences for required court appearances will be classified as excused absences upon presentation to the campus attendance official of a copy of the document requiring the student's appearance in court.

Foster Care Activities: Absences for court-required activities attendant to the student's being in foster care will be classified as excused absences upon

presentation to the campus attendance official of a copy of the document requiring the student's attendance at the activities, provided it is not practicable to schedule the activity outside of school hours. Absences are also excused if they are required under a foster care service plan.

Sounding "Taps" at a Veteran's Funeral: Absences by students in grades 6-12 for the purpose of sounding "Taps" at a veteran's funeral with military honors may be excused upon verification that the student provided the service noted.

Citizenship/Naturalization Activities: Absences for appearing at a government office to complete citizenship application paperwork and for taking part in a United States naturalization oath ceremony will be excused upon verification of the student's participation.

Enlistment in Armed Services or National Guard: No more than four absences in the period a student is enrolled in high school will be excused for a student who is 17 years of age or older in order for the student to pursue enlistment in a branch of the armed services of the United States or the Texas National Guard. The absences need not be consecutive. The absence will be excused upon verification that the student did pursue such enlistment.

Military Deployment: No more than five absences in a school year for visiting with a student's parent, stepparent, or legal guardian who is on active duty and who is called to duty for, on leave from, or immediately returned from a continuous deployment of at least four months away from the person's regular residence will be excused. The absences must occur not earlier than 60 days before the date of deployment or 30 days after the date of return from deployment.

Election Clerk Activities: Students who are serving as election clerks or early voting clerks may receive a maximum of two excused absences in a school year for such activities.

Attendance and Credit

Separate and apart from the compulsory attendance requirements, students in all grade levels K-12 must attend school a certain amount of time in order to get credit or a final grade for a class. State law generally requires students to be "in attendance" for at least 90 percent of the days or minutes a class is taught during a semester or year. All absences from class, excused or unexcused, are counted in determining whether a student has met attendance requirements for credit or a final grade.

Students who are in attendance in a class at least 75% of the days or minutes but less than 90% are eligible to receive credit or a final grade if they complete a plan approved by the principal providing for the student to meet the instructional requirements for the

class. Students who are under the jurisdiction of a court in a criminal or juvenile justice proceeding must also obtain the court's consent before credit may be granted.

In the 2020-2021 school year, we require students to be in a class for 80 days in the Fall Semester and 78 days in the Spring Semester to meet the 90% attendance for credit requirements. Each campus has an attendance committee that will review student attendance records. If the committee decides that extenuating circumstances prevented a student from meeting the minimum attendance for credit standard or fulfilling the principal's plan for meeting instructional requirements, the committee can award credit or tell the student what additional work, additional time, or both time and work must be completed in order for the student to get credit for the grade level or course. We offer a Saturday school program as one way students can make up time and ordinarily will charge a fee for participating in that program. If your child needs this program, the principal will provide complete information about the times and cost before your child is assigned.

You will be notified when your child is in danger of losing credit because of absences and will have the chance to meet with the attendance committee to discuss your child's situation.

Conduct and Discipline

Along with this Student Handbook, your child has also received a copy of the Fort Stockton ISD Student Code of Conduct. The Code of Conduct contains the school district's requirements for student conduct and behavior while at school or under the school's jurisdiction. The Code of Conduct also explains the kinds of disciplinary action school officials can take in response to violations of the rules for student conduct and the steps involved in taking disciplinary action. If you have any questions about conduct or discipline rules, please refer to the Code of Conduct or call your child's principal.

A student age 21 or older who has been admitted to district schools to complete the requirements for a high school diploma will not be placed in the district's DAEP or a JJAEP in which the district participates for violations of the Code of Conduct. Instead, the district will revoke the student's admission to the district.

Dress and Grooming Code

We expect students to come to school in clothes that are clean and neat, and we expect students to exhibit basic cleanliness and grooming that will not be a health or safety threat to themselves or to other students or staff. We do not permit students to wear clothing with pictures, emblems, or writing that is lewd, offensive, vulgar, or obscene or that advertises or depicts tobacco products, alcoholic beverages, drugs, or any other substance that students are prohibited from having or using at school. The principal makes decisions about dress and grooming violations.

In the event of a temporary school closure due to a widespread illness or epidemic, such as COVID-19, all dress and grooming policies will apply to virtual learning on remote platforms as they would during classroom instruction.

<p>APPROPRIATE ATTIRE</p>	<p>Students must wear clean clothing that is not torn or damaged including holes, covered or uncovered. Pants must be worn with the waist band at waist level. All students must wear shoes and appropriate undergarments.</p> <p>Shirttails in grades 6-12 for all students must be tucked in all the way around at all times, including a shirt worn over another shirt. Shirts or blouses must be buttoned. The pockets on all student’s appropriate attire must be visible. Garments with straps must have all straps fastened at all times.</p>
<p>APPROPRIATE GROOMING</p>	<p>All students will exemplify grooming standards that project a positive image the student, school, and District. Hair must be clean and neatly groomed and worn in a style that does not cover the eyes or eyebrows.</p> <p>Male students’ hair must be neatly trimmed and worn in a style above the eyebrows that exposes the earlobes and has a length above the top of the collar of a button-up shirt or crew-neck tee-shirt, or a polo or oxford shirt with a collar.</p> <p>Male students must be free from facial hair. (This applies to middle school students after their first shave.) Sideburns may extend no lower than the bottom of the ear and must be trimmed in a straight line at the bottom.</p>
<p>INAPPROPRIATE GROOMING</p>	<p>The following hairstyles or colorings are inappropriate grooming for any students at school or a school-related or -sanctioned activity:</p> <p>Spikes or other sculptured hairstyles.</p> <p>Neon or other hair colorings or bleaching, whether permanent or temporary, in a shade or tone that the principal determines to be unnatural, such as neon orange, neon pink, magenta, any shade of blue, any shade or green, violet, purple, white or any other unnatural color.</p> <p>Hair color or bleaching for the purpose of creating extreme differences in color, shade, or tone between sections of individual strands of hair or areas of hair on the head, e.g., “tips.”</p> <p>Hair coloring or bleaching for the purpose of creating</p>

	<p>extreme differences in color, shade, or tone between the student’s natural and original hair color and the colored or bleached color, shade, or tone.</p> <p>Any patterns or designs shaved or cut into the hair, e.g., “Mohawks,” partially shaved heads, including Faux Hawks (Fohawk),</p> <p>No pony tails and rat tails for boys.</p> <p>No makeup or other beauty enhancement products for boys.</p>
<p>INAPPROPRIATE OR UNACCEPTABLE ATTIRE</p>	<p>Any aspect of the student’s appearance or attire that is sloppy or likely to distract or disrupt the learning environment, including images or messages that are illegal, inappropriate, lewd, vulgar, sexually suggestive, containing profanity, or promoting violation of school rules (i.e., promoting drugs, tobacco, alcohol, violence, gangs, death, sex, profanity, or hate) is not appropriate. The following clothing and accessories are inappropriate attire for any student at school or a school-related or –sanctioned activity:</p> <p>Shorts of any kind for boys or girls for grades 6-12.</p> <p>Girls may wear Capri pants that extend below the knees. If any part of the knee is visible when seated, the pants will be considered shorts and, therefore, inappropriate for grades 6-12. Skirts must extend to the top of the kneecap when standing.</p> <p>Pants worn below the natural waistline or sagging, bagging, or extremely loose pants (“baggies”).</p> <p>Shirts or any other clothing that reveal undergarments or cleavage, midriff length tops that leave exposed skin, spaghetti strapped tops, string-tie tops, or halter-tops.</p> <p>Professional sports attire.</p> <p>Exposed undergarments.</p> <p>Bedtime attire, pajamas, undershirts, or undergarments worn as outerwear, e.g, boxer shorts.</p> <p>Clothing made of any see-through material, fish net, sheer, or very loosely woven fabric, unless appropriate clothing is worn underneath and is tucked in at all times.</p> <p>Shirts that are split up the side such that the vent or split is unfinished and extends above the natural waistline.</p> <p>Unhemmed or cut-off clothing of any kind.</p> <p>Muscle shirts, shirts with oversized armholes, backless shirts, blouses or tops.</p> <p>Any clothing made of Spandex or similar body-hugging</p>

	<p>fabric or material (for example, leggings, yoga pants, jeggings) worn as pants alone.</p> <p>Sweatpants, warmup pants for grades 6-12,</p> <p>Flip-flops, skate wheel shoes, cleats, tap shoes, slippers, slides or house shoes, or other shoes deemed unsafe or distracting.</p> <p>Sunglasses (without a medical excuse), hats, or caps worn inside a school building.</p> <p>Hair rollers, hair curlers, plastic hair bags, hair brushes/combs, bandannas, and other similar grooming items worn inside a school building.</p> <p>Items designed for outside wear such as gloves or mittens.</p> <p>Outerwear (including coats, jackets, hooded attire) worn in class.</p> <p>Outer garments of abnormal length (such as dusters or full length coats) may not be worn inside the building.</p> <p>Added material on clothes that is not part of the original garment, such as fake collars.</p>
JEWELRY, TATTOOS, BODY PIERING	<p>Students may not wear on the outside of their clothing any jewelry, over-sized chains, or similar artifacts that are obscene, dangerous, or distracting, or that are likely to cause disruption to the educational environment.</p> <p>Students may not wear facial jewelry (including tongue piercings) of any kind, other than non-distracting earrings worn on the earlobe. Male students may not wear earrings at all. Prohibited piercings must be removed – covering them is not acceptable.</p> <p>Any body piercings or tattoos, including temporary tattoos, must be covered at all times while students are under the school’s jurisdiction.</p> <p>Spiked bracelets or necklaces are prohibited. Heavy gauged chains, including wallet chains, worn as jewelry or decorative attire are prohibited.</p>
SPIRIT DAYS	<p>Spirit Days are on Fridays and other days as designated by the campus principal. Panther shirts or college shirts are allowed. Shirts must be tucked in at all times. No homemade spirit shirts or pants will be allowed.</p> <p>Professional sports attire is prohibited. Girls grades PK-5 may wear cheerleader outfits on Spirit Days. Boys grades PK-5 may wear Panther football jerseys on Spirit Days.</p>
PRINCIPAL’S AUTHORITY	<p>The principal will determine if clothing or attire not addressed in this policy creates a distraction to the</p>

	<p>educational process and may prohibit that clothing or attire for his or her campus. Administrators have the discretion to determine the appropriateness of dress and grooming and to make special exceptions, including for religious or medical necessities.</p> <p>Each year there are a few things, including some ‘fads’ that show up on the campus. These are not listed, nor is there a regulation to cover all problems that may arise. When a fad becomes a nuisance, it will be addressed and dealt with appropriately. Anything that distracts from the spirit or dignity of our school will be regulated.</p> <p>If your child comes to school wearing clothes that violate the dress code or in any other way violates our dress and grooming standards she or he may be placed in in-school suspension until she or he is in compliance. We will make efforts to notify you as soon as possible and if the student changes clothes or otherwise comes into compliance with the dress and grooming standards, she or he will return to class.</p> <p>All questions regarding the student dress code should be directed to the individual campus administrators.</p>
--	--

If your child comes to school wearing clothes that violate the dress code or in any other way violates our dress and grooming standards, she or he will be placed in in-school suspension until she or he is in compliance. We will make efforts to notify you as soon as possible, and if the student changes clothes or otherwise comes into compliance with the dress and grooming standards, she or he will promptly return to regular classes.

Harassment or Bullying of Students

We prohibit students from sexually harassing other students and from sexually harassing employees; we also prohibit harassment based on anyone’s race, color, religion, gender (including pregnancy), national origin, or disability. Likewise, we prohibit students from bullying each other. Engaging in harassment or in bullying, including cyberbullying, is a violation of the Student Code of Conduct. We, of course, prohibit employees from having any kind of sexual contact or romantic relationship with students enrolled in our schools, even if the student is willing and the parents do not object. See the Student Code of Conduct for a complete description of the offense of “harassment” and possible disciplinary consequences.

If you or your child have a complaint about sexual comments, conduct, contact, or any other inappropriate conduct by a school employee or about any other kind of harassment or bullying, contact the Title IX coordinator whose name appears at the

beginning of this Handbook regarding sexual harassment or the superintendent regarding any other harassment or bullying. We will listen to your concern and conduct a prompt investigation, if warranted based on the allegations. You may report instances of bullying anonymously. We also will look into reports that other students have been making sexual or other harassing comments or engaging in bullying or sexual or other inappropriate conduct. Harassment may ultimately be reported to law enforcement.

Although we will provide you a general report of the results of our investigation of harassment complaints, the same federal law that protects the confidentiality of information about your child (see Family Educational Rights and Privacy Act) protects the confidentiality of information about the student you reported for investigation. In other words, we will not disclose to you the specific discipline imposed on another student, unless that student's parents give us permission to disclose that information. If the complaint is about an employee's conduct, we will inform you of the results of the investigation and of the general action taken in response if there is a finding of wrongdoing on the employee's part.

Copies of the complete policies and procedures addressing prohibited bullying, harassment, or retaliation and the process for making reports or complaints related to alleged harassment or retaliation are included in the appendix of this handbook.

Searches of Students, Lockers, and Vehicles on School Property

The principal or other school administrator can search a student's outer clothing, pockets, or property if she or he has a reasonable basis to suspect that the search will reveal evidence that the student has violated a school rule. The scope of the search will be related to the suspected violation.

Lockers are school property and remain under the school's control at all times. Lockers can be searched at any time. Students are responsible for any contraband that is found in their lockers and will be disciplined accordingly. Therefore, they should not give any other student the combination to their locker or otherwise let anyone else have access to their lockers.

Vehicles parked on school property are also subject to search by the principal or other school administrators if the administrator has a reasonable basis to suspect that there may be contraband of any kind, such as weapons, alcohol, drugs, or any other prohibited substance, in the car.

We periodically bring in trained dogs to sniff around vehicles parked on school property or within 300 feet of school property. If the trained dog alerts to a vehicle, that alert provides a reasonable basis to search the car. We will always ask the student for permission to search when a dog alerts or we have another reasonable basis, such as a reliable tip, to search the vehicle. If the student does not consent, we will ordinarily contact a parent and local law enforcement and turn the matter over to law enforcement. Because students are responsible for any contraband that is found in a vehicle they have

parked on school property and will be disciplined accordingly, they should be aware of and very careful about what goes on in any vehicle they drive to school.

Questioning Students at School

As school officials, we have the right to question your child about his or her own conduct at school and, in the investigation of alleged misconduct by other students or employees, to question him or her about the conduct of others. We expect students to cooperate in this process, and the refusal to cooperate will be treated as insubordination and disciplined accordingly. We will not ordinarily contact you before questioning your child about his or her own conduct or about the conduct of other students or employees, but we will contact you as provided in the Student Code of Conduct if our investigation shows that your child has violated school conduct rules. The Code of Conduct provides a complete explanation of the discipline processes and when you will be contacted. Our investigation of possible violations of the Code of Conduct is not a criminal proceeding, and there is no such thing as “taking the Fifth” or a student’s right not to incriminate himself or herself in a school discipline investigation.

Sometimes law enforcement officials or investigators from Child Protective Services (“CPS,” or also known as the Department of Family and Protective Services) ask to interview students at school. In the case of an investigator from Child Protective Services conducting a child abuse or neglect investigation, we are required by state law to permit the investigator to talk to the child at school. We will also make every effort to cooperate with law enforcement officials conducting an investigation that requires talking to students.

Ordinarily, we will attempt to contact you before the interview by an outside person takes place. However, if the CPS investigator or the law enforcement official asks or tells us not to contact you, we will comply.

Pledges, Minute of Silence, Prayer, and Meditation

Each day teachers will lead students in the recitation of the Pledge of Allegiance to the U.S. flag and to the Texas flag. If you do not want your child to participate in this activity, please make a written request to the principal for your child to be excused. Following the recitation of the pledges, the school will observe a minute of silence. During this time, students may choose to reflect, pray, meditate, or engage in any other silent activity that is not likely to interfere with or distract other students.

Each student has a right to individually, voluntarily, and silently pray or meditate in school or at any school activity in a manner that does not disrupt or interfere with the delivery of instruction or other activities in the school. No school employee can or will require, encourage, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

CURRICULUM AND PROGRAMS

General Curriculum Information

Fort Stockton ISD operates a Pre-K—12 program that meets all state curriculum requirements. Schools are organized by grade level, with separate campuses for elementary (pre-K—grade 3), intermediate school (grades 4-5), middle school (grades 6-8), and high school (grades 9-12).

A free half-day pre-kindergarten program is available for children who are at least four years old on September 1 and who are eligible because:

1. they cannot speak or understand English;
2. they are homeless as defined by federal law;
3. they are educationally disadvantaged;
4. they are the child of an active duty member of the armed forces, including a National Guard member ordered to active duty;
5. they are the child of member of the armed forces, including a National Guard member, who was injured or killed while on active duty;
6. they are or ever have been in the conservatorship of the Department of Family and Protective Services, after an adversary proceeding;
7. is the child of a person eligible for the Star of Texas award (seriously injured in the line of duty) as:
 - a) a peace officer under Section 3106.002, Government Code;
 - b) a firefighter under Section 3106.003, Government Code; or
 - c) an emergency medical first responder under Section 3106.004, Government Code.

If you think your child or children are eligible, please contact the principal.

Structured Physical Activity

In accordance with state law, we have the following policies in place to ensure that all students in elementary school, middle school, and junior high school engage in the amount and level of physical activity required by the State Board of Education:

All elementary students will attend gym every day.

Special Programs

To meet the requirements of state and federal law, we also offer several programs designed to meet specific needs of some of our students. We identify students as eligible for one or more of these programs based on assessments made after referrals and recommendations from teachers and counselors and will always inform you about the

program beforehand. We also can identify students based on an assessment after a request or referral from you. If you have any questions about the referral and identification process for any of the following programs, please contact your child's teacher(s), counselor, or the campus principal.

Special Education: Fort Stockton ISD provides special education and related services for students with disabilities according to individualized plans developed by teachers, parents, counselors, and other professionals. You may request an evaluation of your child to determine eligibility for special education at any time. Please contact Dr. Zana Hanson, Special Education Director at 432-336-4040, or your principal to receive full information about our special education programs. See also the required Notice at the beginning of this Handbook.

Section 504: Some students who are not eligible for special education and related services may also have disabilities that interfere with their ability to benefit from the regular school program. A committee of educators who have knowledge of the student and his or her needs and limitations will determine what accommodations to the regular method and requirements of instruction are necessary in order for the student to participate. The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for Section 504 services is:

Contact Person: Dr. Zana Hanson

Phone Number: 432-336-4040

Bilingual Education/English as a Second Language: English is the basic language of instruction in our schools. Children who have limited English-speaking skills will have access to programs to help them learn to understand, speak, read, and write the English language. At the time you enroll your child for the first time, you will be asked to complete a Home Language Survey so we know whether to take additional steps to be sure your child is properly served.

Gifted and Talented Students: Some children demonstrate or show a potential for demonstrating a remarkably high level of accomplishment when compared to other children of similar age, experience, or environment. These children may perform at a very high level in an intellectual, creative, or artistic area, show an unusually high capacity for leadership, or excel in a particular academic field. We provide a variety of programs, activities, and learning opportunity for these students.

Accelerated or Intensive Instruction/Students At-Risk: Some students do not qualify for special education programs or Section 504 accommodations, but still need some additional assistance to be successful in school and complete the high school program. We provide tutorial programs and intensive or accelerated instruction in subjects where students are showing special difficulty and may

provide specially focused instruction to improve students' language and math skills. Some of our specialized programs are designed to help students who are pregnant or are parents or who have been involved in the juvenile justice system. Others are designed to provide additional assistance to students who have been retained at any grades or have had serious discipline problems.

We will not remove your child from a regularly scheduled class in order to provide remedial tutoring or test preparation if that removal would cause the student to miss the regularly scheduled class more than 10 percent of class time, unless you provide written consent for removal from the class for remedial tutoring or test preparation.

Counseling Programs and Services

The district has a developmental counseling and guidance program. Each secondary campus has one or more school counselors who are available to help students with questions about planning their course of instruction, applications to college or other post-secondary education and training programs, scholarships and financial assistance, and other academic issues. We also have trained school counselors available to talk and listen to students about situations and experiences that may be affecting their ability to get all they can from their instructional program. We encourage students to seek the assistance of school counselors whenever they need to, and school counselors can also refer students or parents to other sources of assistance.

Some aspects of the counseling program require prior written parent consent for the student's participation. As parents, you also have the right to preview all the written materials used in the school counseling program. For full information, please contact your school principal or school counselor.

Testing and Assessment Programs

The statewide assessment program continues to change, most recently to reduce the number of state assessments required of students. Students and parents will be informed of changes in the program affecting them as those changes are implemented. Secondary students in core curriculum courses will take and generally must pass five end-of-course examinations; students who are unsuccessful on no more than two of those assessments may graduate under a plan established by an Individual Graduation Committee. Students in grades 3-8 will continue to be assessed using the State of Texas Assessment of Academic Readiness ("STAAR"), but the frequency of testing will be reduced somewhat.

Results of the state examinations are used to assess individual student progress, as well as being a significant factor in the campus and district ratings under the statewide and federal accountability systems. Please make every effort to have your children at school on state test administration days and to be sure that they have had plenty of rest the night before and a good breakfast that morning.

High school students can get registration and test preparation materials for the Preliminary Scholastic Assessment Test (PSAT), the Scholastic Assessment Test (SAT), and the American College Test (ACT) from the school counselor at the high school.

As required by state law, we will annually assess the physical fitness of students in grades 3-12. You may request the results for your child in writing at the end of the school year.

Grading and Report Cards

Teachers establish their grading standards, including penalties for late work, but those standards must be consistent with guidelines approved by the campus principal. If you have a question about a grade your child receives on an assignment, you should talk first with the teacher. An exam or course grade issued by the teacher is final and will not be changed unless we determine that it was arbitrary, erroneous, or not consistent with the grading standards and policy.

Report cards will be sent home at the end of each grading period. If your child is having trouble in a class, the teacher may ask you to schedule a conference. We encourage you to attend those conferences. If your child's performance in language arts, math, science, or social studies is consistently unsatisfactory, you will receive grade reports every three weeks.

With the report of grades for the first grading period of the school year, we will inform you of the most recent performance rating of your child's campus under the state's Student Achievement Indicator System, along with a definition and explanation of each performance rating.

In the event of a temporary school closure due to a widespread illness or an epidemic, such as COVID-19, the Board of Trustees may amend policies for grading and report cards as necessary.
--

Promotion, Retention, Award of Credit

Students are promoted from grade to grade, or awarded credit for a course, based on their mastery of the knowledge and skills that will let them be successful at the next grade level. In secondary grades, students receive credit for a course when they have met all the state and local requirements for that credit.

If your child entered kindergarten in the 2000-2001 school year or after, he or she will have to pass the STAAR examination in the fifth and eighth grades—or pass an alternate test if he or she does not pass after three tries on the STAAR—in order to be promoted to the sixth and ninth grades. Students in the fifth or eighth grade who are taking courses above the student's grade level will substitute subject tests appropriate to the grade level, which may include end-of-course examinations in courses for which the student may receive high school graduation credit. If your child does not pass the STAAR after the first administration at a grade level, we will provide intensive

instruction in your child's area(s) of academic weakness. Contact your principal for more information or see policy EIE (LOCAL).

In the event of a temporary school closure due to a widespread illness or an epidemic, such as COVID-19, the Board of Trustees may amend policies for grading and promotion, retention, and award of credit as necessary.

Library Facilities, Hours, and Access

Each school has a library available for student research and study, with resources appropriate for needs of the grades served by the campus. The library is supervised by a certified librarian/library aide. Students have access to the library during the school day and during posted hours before and after school.

If you have a concern about library materials available to your child, please contact the librarian, teacher, or the principal. We have a policy and process that will allow you to explain your concerns and reach an understanding about your child's access to the questioned materials.

Educational Technology and Acceptable Use

We are steadily acquiring computers for school use and access to other instructional and research resources through connections to the Internet and the World Wide Web. These electronic instructional resources are for use at school and for school-related purposes. Before your child is permitted to receive a User Identification and password to use school computers, you and your child must sign a User Agreement that explains acceptable and unacceptable use of school educational technology. You will have the choice to prevent your child from having access to the Internet on school computers.

The following kinds of use of the school's equipment or network are classified as unacceptable under our policy and the User Agreement:

1. Unauthorized use of copyrighted material, including violating district software licensing agreements or installing any personal software on district equipment without approval of the Technology Director. (See EFE)
2. Viewing, posting or distributing messages that are obscene, vulgar, profane, harassing, sexually oriented, sexually explicit, pornographic, offensive to others, threatening to others, or illegal, because a significant part of the district's educational mission is to inculcate or instill the habits and manners of civility and to teach students the boundaries of socially appropriate behavior.
3. Personal political use to advocate for or against a candidate, office-holder, political party, or political position, measure, or proposition. Research or electronic communications regarding political issues or candidates is not a violation when the activity is to fulfill an assignment for course credit.
4. Viewing or participating in social network sites or chat rooms other than those sponsored and overseen by the district.

5. Tampering with anyone else’s computer, files, or e-mail.
6. “Hacking,” i.e., attempting unauthorized access to any computer or electronic device whether within the district’s network or outside it.
7. Attempting to change, disable, or destroy district equipment, files, or data or any other user’s data or files, including introducing computer viruses into the district’s system by any means.
8. Any use that would be unlawful under state or federal law.
9. Unauthorized disclosure, use, or distribution of personal identification information regarding students or employees.
10. Forgery of e-mail messages or transmission of unsolicited junk e-mail chain messages.
11. Use that violates the student code of conduct.
12. Use related to commercial activities or for commercial gain.
13. Advertisement for purchase or sale of a product.

Students who violate the terms of the User Agreement may lose their computer privileges at school, as well as incur consequences under the school’s Student Code of Conduct.

OF SPECIAL INTEREST TO STUDENTS

Extracurricular Activities

We offer a variety of school-related extracurricular activities and encourage students to participate in those that are of interest to them.

Participation in extracurricular activities is a privilege, not a right. By state law, students must make a passing grade in all their classes in each grading period in order to be eligible to participate in any extracurricular activity.

Student Publications/Distribution of Materials

All materials prepared and published as part of a school’s journalism or language arts programs are under the control and supervision of the administration and the Board of Trustees. The principal has final approval authority on all materials published or distributed in the name of the school.

Each campus has an area in the school where nonschool publications or materials that have been approved by the principal can be made available to students. Students are not permitted to distribute nonschool publications or materials in the classroom or hallways.

Before nonschool materials or publications are made available to students in the designated area, they must be submitted to the principal for review and approval. The principal will make a decision within two school days after the materials are submitted, and his or her failure to act within that time is interpreted as disapproval. If the materials are disapproved, students can appeal to the superintendent using the student complaint policy FNG (LOCAL).

OF SPECIAL INTEREST TO PARENTS

Parent Rights

Academic Programs: You can ask the principal to change your child's teacher or class assignment; however, the principal is not required to make the reassignment and will not do so ordinarily if that change would affect the assignment or reassignment of another student.

You can ask the school board to add a specific academic course to the schedule and offerings. If the administration and the board determine that the course is among those included in the State Board of Education-approved curriculum and that there is sufficient interest in the class to make it economically practical to offer the class, the request will not be unreasonably denied.

You can ask that your child be permitted to attend a class for credit above his or her grade level. If the counselor and child's current and prospective teacher expect that the child can perform satisfactorily in the class, the request will not be unreasonably denied.

Teaching Materials: You may review all teaching materials, textbooks and other teaching aids used in your child's classroom and may review all tests administered to your child, after the test is given. To review these materials, please contact the principal, who will make arrangements to provide you access to those materials at school during regular school hours.

Some textbooks are so expensive that we purchase classroom sets rather than a textbook for each student taking the course. You may request that your child be permitted to take home any textbook used by the student, and if a book is available, we will gladly honor that request. If the teacher requests it, the student must return the textbook to school the following school day.

Records and Other Information: As we stated in the "Required Notices" section of this Handbook, you have a right of access to all written educational records that we maintain concerning your child. You also can receive full information about any and all school activities in which your child is involved. However, as we explained in the section on "Questioning Students at School," we must comply with a request or directive from a Child Protective Services investigator regarding contact with or information to parents about an investigation.

Video and Audio Recording: We will seek and obtain your written consent before any school employee makes an audio or video recording of your child, except that your prior consent is not required before a recording that will be used only for:

- safety purposes, including maintaining order and discipline in common areas of the school or on school buses;
- a purpose related to a co-curricular or extracurricular activity;
- a purpose related to regular classroom instruction;
- video surveillance of special education settings in accordance with Texas Education Code section 29.022; or
- media coverage of the school.

Psychological Examinations: We will seek and obtain your written consent before conducting any psychological examination, test, or treatment of your child, unless the examination is part of an investigation by Child Protective Services in response to a report of known or suspected child abuse or neglect. If the examination or test is part of the comprehensive assessment to see if your child needs special education or related services, before we obtain consent, on your request, we will provide you with information about the name and type of examination and how the examination will be used to develop an appropriate individualized program for your child.

Exemption from Instruction: You may temporarily remove your child from a class or other school activity that conflicts with your religious or moral beliefs if you provide a written statement authorizing the removal to your child's teacher. However, you are not entitled to remove your child from class or an activity to avoid taking a test, including a state assessment, or to prevent your child from taking a subject for an entire semester. Your child will be required to satisfy grade level or graduation requirements, regardless of any periods of temporary removal based on your religious or moral beliefs.

Campus Performance and Accountability: We will keep you informed annually of your children's campus ratings and whether the campus has been identified under state and federal law as one that needs improvement. If the campus is so identified, we will inform you of your rights regarding public school choice and transportation at that time. You will receive information with your child's report card for the first reporting period of each year related to the campus performance rating under the state accountability system.

Classroom Celebrations: The campus principal has discretion over whether you or a grandparent may provide a food product of your choice to your child and his or her classmates on the occasion of the child's birthday or for any other school-designated function, such as class parties, bake sales, etc. Such foods may not be consumed in the cafeteria when normal meals are being served due to possible conflicts with federal nutrition guidelines. Please inquire before bringing items to the school or your child's

class so that any issues with food allergies or disruption to classroom instruction can be addressed and every effort can be made to ensure a successful, positive experience.

School Marshals: You may request in writing to be informed in writing whether any school employee at your child's campus is currently appointed as a school marshal; however, we will not disclose the identity of that person.

Visiting School

You are welcome to visit your children's schools from time to time; however, you must comply with our policy requiring **all** visitors to go first to the principal's office and sign in. We have this policy for the safety of your children and our staff. Parents and any other person on campus without the principal's knowledge will be considered as trespassers and may be subject to arrest.

We also expect parents to be polite and civil in their dealings with all school staff. We do not permit or tolerate abusive, disrespectful, threatening, lewd, profane, or offensive language from your children at school, and we will not tolerate it from parents. Parents who create a disruption at school or behave unacceptably may be prohibited from coming onto school property without specific authority and will be treated as criminal trespassers if they disregard the principal's or superintendent's directive.

While we encourage you to be involved in your children's education and knowledgeable about their classes, teachers, and curriculum, it has been our experience that frequent and lengthy visits to the classroom are disruptive both to teaching and learning. The principal can limit or restrict the frequency and duration of classroom visits to be sure that disruption of the instructional process does not occur.

In the event of a temporary school closure due to a widespread illness or epidemic, such as COVID-19, Fort Stockton ISD may deliver instruction to its students virtually through a remote learning platform. If you wish to view or attend a virtual learning session, you must first obtain approval of such a request from the campus principal. The principal can limit or restrict the frequency and duration of virtual classroom visits to ensure that disruption of the instructional process does not occur.

We encourage you to come to school occasionally and eat lunch with your child; however, children can be removed from the campus during lunch period only by following the established process of signing the child out from the principal's office. Unless we have possession of a court order that specifically limits a parent conservator's access to their child while at school, a parent appointed as a conservator of a child has at all times the right to attend school activities, including, but not limited to, school lunches, performances, and field trips.

Complaint Process

We realize that situations may arise when parents disagree with a decision that affects their child or believe that a policy has been improperly applied to their child. A number

of these types of disputes or controversies have specific processes for pursuing those concerns. The principal can provide you with a copy of the relevant policies and procedures.

In general, all parent complaints should be brought initially to the teacher involved or the campus principal within 15 business days of the events or situation that you are concerned about. Often the problem can be resolved through an informal conference with the teacher or principal. On those occasions when a conference does not take care of problem, you should request a copy of the complaint policy and complaint form from the principal's office. In order for your concern to be resolved at the earliest possible level, you must put your complaint in writing on the form provided before meeting formally with the principal.

The principal will schedule a conference with you and give you a written response within ten business days after the conference. You will also have an opportunity for a conference with the superintendent if the principal has not resolved the matter. If the superintendent is not able to take care of the problem, you can make a written request for the board of trustees to consider the matter at a future meeting. You must, however, follow our established policies and use our forms.

Individual trustees cannot respond to parent complaints beyond referring the matter to the administration. Furthermore, the board of trustees will not permit complaints to be heard in the public comment or open forum portion of board meetings. In order for the board to take any action on a complaint, you must follow the complaint process established in policy.

Student Health Concerns

We have adopted and enforce policies to ensure that our campuses comply with Texas Department of Agriculture guidelines for restricting student access to vending machines containing foods of minimal nutritional value. Generally, this means that soft drinks and other foods of minimal nutritional value will not be available to elementary students during the school day or to secondary students during any designated meal periods.

As required by state law, we have and enforce prohibitions against student possession and use of tobacco, tobacco products, and e-cigarettes on campuses or at school-sponsored or –related activities. These prohibitions are addressed in the Student Code of Conduct and also in board policy and the employee handbook.

Physical and Mental Health Resources

The district's board policies promoting student physical and mental health may be found online at [district's Policy Online URL]. Some of the relevant Board policies include:

- Food and Nutrition Management: CO, COA, COB
- Wellness and Health Services: FFA
- Physical Examinations: FFAA

- Immunizations: FFAB
- Medical Treatment: FFAC
- Communicable Diseases: FFAD
- School-Based Health Centers: FFAE
- Care Plans: FFAF
- Crisis Intervention: FFB
- Trauma-informed Care: FFBA
- Student Support Services: FFC
- Student Safety: FFF
- Child Abuse and Neglect: FFG
- Freedom from Discrimination, Harassment, and Retaliation: FFH
- Freedom from Bullying: FFI

Each campus has a full-time school nurse and full-time school counselor. Parents and students who have physical or mental health concerns may contact the following:

- Intermediate school nurse at 432-336-4141, Alamo Elementary school nurse at 432-336-4016, Apache Elementary school nurse at 432-336-4161, nurse supervisor at 432-336-4121.
- Intermediate counselor at 432-336-4141, Alamo Elementary counselor at 432-336-4016, Apache Elementary counselor at 432-336-4161.
- The local public health authority, Pecos County Health and Human Services Department, at 432-336-9745.
- The local mental health authority, Permiacare, at 432-336-3383.

The district's student health advisory council met 2 times during the preceding school year and will meet at least four times during each school year.

In collaboration with you and, if possible, your child's physician, we will develop an individualized health plan for children with diabetes who need care for diabetes while in school or participating in a school activity. If your child has diabetes and will need care at school or while participating in a school activity, you must submit the diabetes management and treatment plan prepared by you and your child's physician before or at the beginning of the school year, on enrollment after the beginning of the school year, or as soon as practicable following a diagnosis of diabetes.

Students with a diagnosed food allergy that places them at risk for anaphylaxis (sudden onset, whole body reaction to an allergen that can involve closing of airways, hives, swelling, irregular heartbeat, wheezing, and other symptoms) shall be cared for in accordance with district policy.

Students are permitted to possess and use over-the-counter sunscreen at school to avoid over-exposure to the sun and over-the-counter insect repellent to prevent mosquito bites, provided that the sunscreen or repellent is not being used for medical treatment of any injury or illness.

Student Illness or Injury at School

We will promptly attempt to notify you or a person you have authorized us to notify if we have knowledge that your child has been injured at school or has become ill at school. We have school nurses/licensed vocational nurses available on each campus and a secluded area where your child can stay if she or he is injured or becomes ill.

One of the forms we ask you to complete at the beginning of each school year is a form authorizing designated school employees to consent to medical treatment in case your child is injured at school or a school-related activity and requires emergency treatment. We, of course, will call you in such a situation and will also call for emergency medical assistance, if needed. **It is important, however, that you understand that the school district is not responsible for any cost of medical treatment or services provided after an injury at school or a school-related activity. We cannot and will not use public funds to pay individual student medical expenses.**

Although we want your child to attend school every day, we do not want your child at school if she or he has a communicable disease or is running a fever of 100° or more. Under State and local Health Department regulations, if your child has certain medical conditions, she or he must be excluded from school for a period of time. The principal can provide you a complete list of those conditions and periods of exclusion.

Administering Medicine at School

Often, students have to take prescription medication for a certain period of time as treatment for a medical condition. If at all possible, we ask that you schedule the timing of the doses so that the child takes the medicine at home. If children have to take medicine at school, you must make a written request to the principal or nurse. The school nurse or other authorized school employee will administer medications only from a container that appears to be the properly labeled original prescription container or from a properly labeled unit dosage container filled by the nurse from a properly labeled original prescription container. Only the nurse or other authorized school employees are permitted to administer prescription medicines at school. Other than prescription asthma medicine or anaphylaxis treatment for students with severe allergies that may result in anaphylaxis, we do not permit students to carry their own medications and self-administer.

Children with asthma or children with severe allergies that may result in anaphylaxis will be allowed to carry and self-administer their prescription asthma or anaphylaxis medicine under certain conditions. The student must have demonstrated to his or her doctor and to the school nurse that the child has the skills necessary to self-administer

the asthma or anaphylaxis medicine. Additionally, you must provide us a written authorization for self-administration and a written statement from child's doctor that the student has asthma and is capable of self-administration and that includes the name and purpose of the medicine, the prescribed dosage, the times and circumstances for administration, and the period for which the medicine is prescribed.

We keep commonly used over-the-counter treatments, such as antacids, aspirin, acetaminophen, ibuprofen, antibiotic ointments, and the like in the nurse's office. Nurses or authorized personnel will administer these medications according to the labeled instructions only if you make a written request to the nurse, providing the same basic information as is required for administering prescription drugs.

If your child has unique medical conditions or any other condition that requires virtually immediate administration of medications under specified conditions, please contact the principal, who will schedule a meeting of appropriate personnel to ensure that your child's needs are met.

If your child has a food allergy or a severe food allergy that, in your judgment, would require immediate medical attention if the student were exposed to the allergen, we will ask you to disclose that information, including the food to which the child is allergic and the nature of the allergic reaction, at enrollment so that we may take necessary precautions for the child's safety. The information provided is confidential and will be disclosed only to those employees who need the information in order to appropriately care for your child.

Lost, Damaged, or Stolen Personal Items

We ask that you discourage your child from wearing or bringing to school expensive or irreplaceable jewelry, watches, sunglasses, or personal clothing that may be removed during the days, such as winter coats. Students are responsible for all their personal possessions while at school or any school-sponsored or school-related event. **It is important that you understand the school district is not responsible for any personal items that are lost, damaged, or stolen at school or a school-related activity.**

Each campus maintains a "Lost and Found" in the administrative offices; clothing and other items that are turned in as "lost" and not claimed by the end of the school year will be donated to a local charity.

Telephone Use

School telephones are for school business use. Students will be permitted to use school telephones only for emergencies and only with permission. If you call for your child during the school day, we will take a message and deliver it to the student at the end of the class period or other time that will least interfere with instruction. The Student Code of Conduct allows students to keep cellular phones or other electronic communication devices in their locker during the school day, but requires them to be turned off at all

times. Improper use of a cellular phone or other electronic communication device during the school day will result in the item's being confiscated.

Parent Organizations/Volunteer Opportunities

Every campus encourages you to actively participate in the group at your child's or children's campus(es).

We encourage parents to volunteer in our schools. All volunteers must submit background information, and the district will obtain a Criminal History Report on all applicants for volunteer programs.

Transportation Program

We provide transportation on school buses to and from school for those children who live more than two miles away from the school they attend. Students are required to comply with rules for conduct on school buses and to comply with the Student Code of Conduct while at authorized school bus stops waiting for the bus. Students who misbehave or violate the Code of Conduct while on the bus will be disciplined according to the Code of Conduct and may be suspended from the bus for a period of time.

Authorized Fees

Although the basic cost of your child's public education is provided through local tax revenues, state funding, and some federal funds, we may assess fees for certain kinds of materials and services, as described in the following list:

- a fee to cover the cost of materials when the student makes, builds, or prepares some product that becomes the student's personal property.
- dues for voluntary student organizations and clubs and admission fees to voluntary extracurricular activities.
- security deposits for materials, supplies, or materials that must be returned to the district.
- fees for personal PE equipment and clothing, unless the student provides his or her own clothing and equipment that meets school health and safety standards.
- fees for items of personal use or products a student chooses to purchase, such as student publications, class rings, annuals, and graduation announcements.
- a reasonable fee, not more than the annual cost of maintenance, for school-owned musical instruments and uniforms.
- fees for personal apparel used in extracurricular activities that become the student's personal property, such as cheerleader, pep squad, or drill team uniforms.
- a fee for vehicle identification for cars regularly parked on school property.
- a fee for student identification cards.

- a fee for school-provided driver training courses.

You may request a waiver of any required fee that you are unable to pay by contacting the principal who will determine ability to pay based on the criteria for identifying students who are eligible for participation in the free and reduced-price school breakfast and lunch program.

Food Service/Free and Reduced-Price Food Program

We serve a variety of nutritious food for students and faculty members at a nominal cost. We do not allow foods of minimal nutritional value, as defined by the federal Child Nutrition program, to be served or available for purchase in food service and eating areas during the time students are being served meals.

Students must follow directions for entering the cafeteria and observe good table manners and courteous behavior at all times, e.g., no cutting in line. Wearing hats in the cafeteria, loud talking, and unnecessary noise are considered poor manners and may result in disciplinary action.

All Fort Stockton ISD students will receive breakfast and lunch for free beginning this 2020-2021 school year. If you would like more information about the food service department, please contact Paul Casias, Director of Food Services at 432-336-4030.
